Pioneering developments. In challenging projects. For renowned customers. This is FERCHAU AVIATION. As a specialised division of FERCHAU, the market leader in engineering and IT, we offer innovative solutions for nearly all areas of aerospace technology - Europe-wide. And with major success. As a supplier, we were named an "Airbus Group Preferred Supplier for Engineering & Customer Services".

Requirements Engineer (m/f) Aviation

Munich

Define and review requirements in existing and future development programs in the aerospace industry. As part of the FERCHAU team you will develop innovative solutions for the end customer.

- Responsibility for creating, reviewing and adapting requirements in the development process of various systems, objects or functions
- Requirements analysis: utility check, feasibility check, design proposals, technology identification, constraints identification
- Identification and assignment of dependencies and tracability
- Preparation of standardization documents
- Close cooperation with various stakeholders, such as software and test engineers, customers, experts

Growth and variety - your development has a perspective.

- Development of cross-divisional expertise
- Employee events
- Flexible working time

You have top qualifications - your profile proves this.

- Completed Degree in Aerospace Engineering, Computer Science or a similar qualification
- Prior practical experience with Requirements Engineering and Tools as well as Systems Engineering Processes, Methods, and Tools
- Experience with DOORS or CAMEO is of advantage
- Prior knowledge in the field of aviation systems is of advantage
- Good English knowledge
- Well-structured, independent, accurate and solution-oriented working-style
- Distinctive, analytic and process-oriented approach

Our offer sounds just right for you? Then we are looking forward to receiving application - please send it online to Mrs. Rebecca Schnabel using the key number AV38-89669-AVMUC. Because what's valid for our customers has always been valid for you: follow your fascination!

” Why just do a job when you can take off with passion.
