FERCHAU GmbH

 Niederlassung Ulm  
 Lise-Meitner-Straße 14  
 89081 Ulm

Are you inspired by exciting IT projects for well-known customers? Thrilling work at the limit of what's technically feasible? Then come to FERCHAU, the market leader in engineering and IT, with more than 8,400 employees at over 100 sites. Become one of over 2,500 IT consultants and work on IT projects that demand your entire knowledge base and thus also advance your personal development. Look outside the box and apply as a

## Software Integrator (m/w/d)

Ulm

Innovative and responsible - your tasks are challenging.

- Integration of software deliveries provided by internal and external teams into the Continuous Integration system
- Creation of software releases based on the deliveries from the development teams
- Support of the development teams to analyze and correct issues found during software integration
- Make preliminary adoptions to the product to make it run on the platforms
- Specification and execution of the related integration tests
- Support of the development team in using the relevant tools and provide guidelines for quality aspects etc.
- Setup and maintenance the project Continuous Integration

Individual and success-oriented - your future looks great.

- Individual employee development programmes
- FERCHAU-Sports
- Employee events

Your qualifications are convincing.

- University degree in computer sciences, electronics or similar qualification
- Working experience with Continuous Integration tooling (Jenkins etc.) and with version control systems
- Experience in Linux Shell programming, Python and Java
- Good understanding in system bring-up and module integration
- Ideally automotive background
- Structured and analytic working style
- Business-fluent English, German would be an advantage
